

Lxx 524

# CERTIFICATE OF AUTHENTICITY

The motor cycle detailed below is a

Series C Model RAPIDE  
Engine No F10AB/1/6490 Capacity 998 cc  
Frame No RC 8390  
Manufactured 1951

\*Notes: 1. This Vincent, from the information provided, has matching engine and frame numbers as manufactured.

2. ~~This Vincent has had a replacement engine\*/frame\* fitted at some time.~~

NB: Vincent motor cycles do not have an independent frame and the engine is designed to be the main structural component. The model type is based on the engine designation. Large numbers of machines survive on which some components have been changed due to accident or major mechanical failures. It should be understood that this authentication is therefore based on the use of the engine number provided to determine the model and the machine has not been inspected.

3. Other Comments: .....

\*Delete as necessary.
